

Tami Hill

Licensed Massage Therapist

LMT, MMP Lic #MT 0024800

I became a massage therapist in 2016 and received my medical massage certification in 2019. My father was a Chiropractor/Accupuncturist and instilled in me his vast knowledge of the body. Working in the Healthcare field in various capacities, including owning and running my own health food store has allowed me to incorporate this knowledge into my massage practice.

Menu Of Services

Customized Massage

Enjoy a therapeutic, full body massage designed around your individual needs – whether you want to de-stress and relax, find relief from chronic pain, improve your athletic performance, increase flexibility, speed recovery from injuries or overworked muscles – or all of the above.
